

WAAE PDC Conference Packing List

Overview: the workshops can run from lecture style to very hands-on with building/pruning/labs, so professional business casual is a good middle of the road wardrobe choice. Also, remember the banquet and social events. Much like, State Convention, the air is on high, so layers are suggested. Bring supplies that help you plan and organize efficiently. Be sure to double check your workshop descriptions to see if you need to bring any specific supplies along or wear any specific attire.
